CPCPCO™ CHIEF PROJECT CONTROL, PROCUREMENT AND CONTRACTS OFFICER™ FACT SHEET

VALUE PROPOSITION: **Urgent Call to Action!**

According to a recent 2017 study conducted by C-Suite Institute™, over 75% of projects executed globally are significantly **over budget, behind schedule and of poor quality**. Lack of effective and efficient Project Control monitors and lack of reliable procurement and contract management systems have all led to this abysmal state that we currently find our projects in. Organizations are losing billions and billions of dollars every year as a result of these inefficiencies across Project Management, Project Control, Contracts and Procurement, Leadership and Oversight. The CPCPCO™ Chief Project Control, Procurement and Contracts Officer™ certification program is **an urgent call to action to rectify this dire situation**.

All CPCPCO™ participants will learn how to efficiently and effectively apply the best practice Project Controls, Project Management and the industry standards of Risk (ISO 31000: 2018 Risk Management Systems Industry Standards), Quality (ISO 9001: 2015 Quality Management Systems Industry Standards) and Earned Value Management Systems (EIA 748-C EVMS Industry Standards) on Projects; and implement world-class Procurement and Contract Management Systems. All CPCPCO™ participants will complete their “My CPCPCO Strategy Playbook” which comprises of templates, forms, strategies, processes and best practices required to manage, control and execute high dollar valued projects, contracts and procurements on time, within budget and of top quality and these are requirements for winning large contracts, projects and business in the private sector and with United States Federal Government; EU countries, Governments of Canada, Australia and many more.
