

# CRO-C™ CHIEF RISK OFFICER - CERTIFIED™ CERTIFICATION FACTSHEET

## ABOUT CRO-C™ CHIEF RISK OFFICER - CERTIFIED™ EXECUTIVE CERTIFICATION

C-Suite Institute created the **CRO-C™ Chief Risk Officer - Certified™** executive program, a global based credential, that recognizes executive level leadership who require a general understanding about the application, value and benefits derived from the use of risk management in the effective management and oversight of operations, programs, and projects within their organizations. The **CRO-C™ Chief Risk Officer - Certified™** credential certification is a unique executive/senior management level professional development program and course designed for executives and upper management who manage, control, and mitigate Risks in both Government and Industry who are eager to achieve total organizational, operational, project and program management successes on projects across all industries and governments. **CRO-C™ Chief Risk Officer - Certified™** program is aimed at the present and next generation of government and risk management leaders: executives working for dynamic global companies and firms; international organizations and institutions; and government agencies/departments/ministries who need to broaden their horizons in the field and dimensions of quality management, risk management, project management and effective program governance; and enhance their prospects of achieving successful project and program delivery.

The **CRO-C™ Chief Risk Officer - Certified™** executive training course offers the Risk executive with **5** days of intensive executive level training in risk management for organizations, operations, programs, and projects.
